EMMANUEL JOLUGBO

FULL STACK WEB DEVELOPER
Iamthermiee@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Experienced Full Stack Software Developer with a strong foundation in Computer Science and over 4 years of freelance experience. Proficient in building scalable web applications using ReactJS, Next.js, TypeScript, JavaScript, Ruby on Rails with PostgreSQL, and Node.js. Adept at leading the development of enterprise software solutions, I excel in translating complex requirements into user-friendly interfaces and efficient backend systems.

SKILLS

Front-End: JavaScript, Typescript, React, Redux, Nextjs, Bootstrap, HTML5, CSS3, WordPress.
Back-End: Ruby, Rails, MongoDB, Postgres, Nodejs
Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools
Professional: Remote Pair-Programming, Teamwork, Mentoring

EXPERIENCE

HIGHLIGHTED PROJECTS
Frontend Web Developer

[**Pyramid Microfinance Bank**](#) — .Pyramid Microfinance Bank's website offers a range of financial services, including loans, savings accounts, and Airtime/data for individuals and small business
- Built with: (React, Typescript , TailwindCSS, and Redux)

[**Crunchies**](#) — This platform is a streamlined online ordering web application designed specifically for fast food enthusiasts. A restaurant that offers a variety of quality fast food products and first-class services.
- Built with: (Nextjs, Redux, Typescript, and TailwindCSS)

[**DineroApartments**](#) — This platform is a service apartment rental platform that offers a wide range of accommodation options for travelers, students, and professionals.
- Built with: (React, Redux, Typescript, and TailwindCSS)

[**Assetize**](#) — This platform ensures the security of your investments. What sets it apart is the unique opportunity to own fractionalized investments, enabling you to diversify your portfolio effortlessly
- Built with: (React, Typescript , TailwindCSS, and Redux)

[**Lola Finance**](#) — Lola helps you communicate, discover new ideas, process payments and more as a community.
- Built with: (React, Typescript , TailwindCSS, and Redux)

Elevate Apps
Frontend Engineer,   **Jan 2024 -Till Date**
- Spearheaded the development of enterprise-grade software solutions, delivering new features and enhancements that aligned with business objectives.
- Translated complex Figma designs into responsive, user-friendly UIs, ensuring consistency and optimal user experience across platforms.
- Successfully deployed frontend solutions across the organization's server infrastructure, optimizing performance and security.
- Diagnosed and resolved critical application issues, improving overall system reliability and user satisfaction.
- Trained and mentored interns, providing guidance on best practices and conducting thorough code reviews to maintain high-quality standards.

Peach Blossoms, Remote
Frontend Engineer,   **June 2023- Nov 2023**
- Developed New Enterprise Software and implemented new features.
- Create Ui from figma designs
- Effectively deployed solutions on servers within the organization's network.
- Troubleshoot problems, debugged, and corrected service and application issues.

Dinero Cities and Structural Limited, Lagos, Nigeria
IT Operations Specialist,   **Feb 2020 –May 2023**
- Managing and monitoring IT infrastructure, networks, and security systems.
- Ensuring system performance and availability with minimal downtime.
- Overseeing data backups, disaster recovery plans, and IT security protocols.
- Providing technical support and troubleshooting for end-users.
- Collaborating with development teams to ensure smooth software deployment and system integrations.

BaseAfrique, Remote
Software Engineer,   **June 2019 – December 2021**
- Developed New Enterprise Software and implemented new features.
- Effectively deployed solutions on servers within the organization's network.
- Troubleshoot problems, debugged, and corrected service and application issues.

Nouveau Riche Media Technologies LTD, Lagos, Nigeria
Intern, November   **Sept, 2018–April 2019**
- Worked closely with designers to recreate front-end designs with HTML and CSS (SCSS) to soothe design mockups and prototypes
- Participated in the definition of crucial scenarios, use cases, and end-user experience.

EDUCATION

MICROVERSE   **2021 – 2022**
Remote Full Stack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

NIIT, Lagos   **2017 – 2018**
Diploma in Java Enterprises Apps with DevOps, Full time.
- Creating software engineering professionals in Java Technologies
- Learned RDMS Essential & T-SQL Programming, Programming in JAVA, HTML 5 and Responsive Web Design, Developing Web Applications using Servlets & JSP, Implementing JSF, Hibernate, and Springs in J2EE Applications, GIT & GITHUB, Testing with JUnit, and DevOps

National Open University, Lagos   In View
